

To Whom It May Concern,

I am pleased to write this recommendation letter for Parker Christeson. I highly recommend Parker for a teaching position. As the former general manager of Madison Discount Liquor, I had the pleasure of employing and working directly with Parker for over two years. Parker is a very driven, motivated, and self-starting professional. He is an asset that any school district would be fortunate to have on their team.

Parker has always been passionate about helping others, while also pursuing his career goals. He has proven this in several ways including building rapport with co-workers, extending his knowledge of educational practices, and maintaining professionalism. Parker is a go-getter that when presented a task with any level of difficulty, he will pursue the task until it is completed correctly.

During his employment, Parker's performance was remarkable in many ways. He has many skills to offer an employer that include professionalism, time management, punctuality, wisdom, as well as interpersonal skills.

I am confident in Parker's abilities and skills that he will effectively contribute to this school system and fulfill this position to the best of anyone's abilities. If there are any future questions, please feel free to reach me via my cell or email.

Best Regards,

Jeremy Brunsvig
